THE AIM

The aim of our Chocolate Experience is simple:

Make some delicious treats and create the best product!

ON THE DAY

At the beginning of the event our experienced chocolatier will give everyone a brief overview of the fabulous history of the chocolate, before moving on to teach you how to make some wonderful treats.

So, dip a strawberry in chocolate, or coat a truffle with some crushed nuts. Let your creativity unfold with our Chocolate Experience!

The fun doesn't stop there. Once everyone has learned how to make chocolates, you will be split up into teams. Each team will be tasked with creating a brand-new chocolate product.

For this task teams must design the branding for the product and your team must your chocolate product.

At the end of the event there will be prizes awarded for the best team.

This event gives your team the chance to express their creativity as well as strengthen their communication and listening skills.

So, get ready to make some delicious chocolates and have a blast with our corporate Chocolate Experience event!
